SUNNYVALE TOWN COUNCIL
SPECIAL MEETING
DECEMBER 22, 2011
9:00 A.M.

- CALL TOWN COUNCIL MEETING TO ORDER

Mayor Phaup called the meeting to order at 9:00 a.m. announcing that all council members were present.

- INVOCATION

Mayor Pro Tem Hill gave the invocation.

- PLEDGE OF ALLEGIANCE

Mayor Phaup led the Pledge of Allegiance.

- PUBLIC HEARING

CONTINUE PUBLIC HEARING, CONSIDER TESTIMONY AND OTHER INFORMATION PROVIDED, CLOSE PUBLIC HEARING, AND TAKE NECESSARY ACTION WITH RESPECT TO THE FOLLOWING:

Mayor Phaup identified the subject matter of Ordinance # 549 and asked 4A President Terry Shatter to speak on the matter.

Terry Shatter stated that the proposed Tax Increment Reinvestment Zone (TIRZ) is a tool to finance public improvements as well as an economic development tool that indicates the town is business friendly. Ms. Shatter also recited the history of the 4A Board and Council regarding research on Tax Increment Financing to date. She stated that projects funded by the TIRZ were decided on an individual basis and the council would have final approval of each project. She further stated the ordinance for consideration was only to establish the TIRZ boundaries, and that the participation levels of the various entities could be decided later. Ms. Shatter invited Pam M undo to speak on the matter.

4A Consultant Pam Mundo stated that the financial plan that was proposed by Insight Research was only a preliminary plan, and that the finance plan did not have to be adopted at this time. She further stated that the purpose of Ord. 549 was to adopt the boundaries of the TIRZ. Ms. Mundo stated that the project plan will be adopted by the TIRZ board at a later date. She stated that the break even point as shown on the preliminary plan is 2048 due to changes in property boundaries. She stated that the Council should not dwell on the break even point as it was only a model. She distributed a list of the development projects as identified by the property owners and stated these are only proposed projects and would require specific approval to be funded by the TIRZ funds. Ms. Mundo further stated that this project was subject to change. She also discussed the list of public improvements that were derived from needs as identified by the Town in previous years, but that the list was also subject to change. She stated the TIRZ board and Council would ultimately decide which of these projects would be part of a specific project funded by the TIRZ. Ms. Mundo stated that the finance plan and list of projects were both very flexible tools as a part of the TIRZ.

Ms. Mundo explained that the incremental value of the properties included in the TIRZ would go into the TIRZ fund, at a level to be defined later. She also stated that the amount of sales tax to be contributed by other entities such as 4A and 4B could be decided later.

Councilmember Yates asked if the Town would be obligated to fund improvements for projects because the properties were located within the TIRZ boundaries. Ms. Mundo stated that each project would have to be approved individually, and that inclusion in the TIRZ boundaries did not guarantee the Town’s participation in a project. Town Manager, Scott Campbell, stated that those properties included in the TIRZ would still be contributing to the TIRZ fund.

Councilmember Henderson asked if the TIRZ could be dissolved at a later date if the Council did not want to move forward. Ms. Shatter stated that the council could dissolve the TIRZ later. Councilmember Henderson stated that he is aware some feel the Council is rushing into a decision, but that the only decision being made was to adopt the boundaries at this point, and no hard commitments were being made.

Councilmember George asked when the participation rates of the different entities would be decided. Ms. Mundo stated this could be done after the TIRZ Board and Council have approved a financial model. Ms. Shatter stated that the participation rates of different entities could be decided on a per project basis. Town Manager Scott Campbell stated that some of the entities likely had their own policy on participation rates with any TIRZ. Councilmember George asked if the money in the TIRZ fund
could only be used for improvements within the boundaries of the TIRZ. Ms. Shatter confirmed that this was correct.

Councilmember Hill asked if the Town could incur debt to be supported by the TIRZ and Ms. Mundo confirmed that the TIRZ could support a debt issue, and the Town would conduct a financial feasibility study before selling debt similar to an ordinary Town debt sale.

Mayor Phaup read the caption of the Ordinance 549 into the record and opened the public hearing.

Walt Thomas of 477 East Fork Road stated his concern of issuing bonds to be supported by the TIRZ fund. He also stated he would like to see a better balance between the commercial and residential tax base, and stated he was unsure if the TIRZ would help achieve that. He also stated he felt the Council was moving fast on implementing the TIRZ and he would like to see the Town make sure there were no unintended consequences.

Deborah Franklin of 629 Pecan Creek stated she was concerned that the Town was too small to implement a TIRZ. She stated our focus of tax dollars for infrastructure might become too isolated to the areas within the TIRZ, and other areas of Town would not receive the funding needed to address improvements. She further stated that the state of the economy could affect the success of the TIRZ, and she was concerned Council was rushing into a decision.

Debbie Geis of 112 Sunview asked if a project received support from the TIRZ fund, would the project still be eligible for tax incentives or tax abatements. Mayor Phaup stated that those projects would be eligible for other incentives such as 380 agreements.

Jim Wade of 299 East Tripp Road stated he was not opposed to the TIRZ, rather he was concerned there still seemed to be several unanswered questions. He also stated the analysis indicates $5.6 million in project by 2012, and the TIRZ fund would not be healthy enough to fund that amount, and money would have to be borrowed. He also stated that Ms. Mundo stated business personal property tax was not included in the TIRZ, however it was included in the financial model. He stated these questions should be answered. Mr. Wade stated the Town could create a TIRZ just for certain areas that were more likely to develop and easier to manage. He further stated that the TIRZ was creative economic development and we should certainly study it.

Michael Gola, representing the Motley family, spoke in favor of the TIRZ. He stated that he had met with Insight Research on the TIRZ study and that he represented one of the oldest deeded landowners in Sunnyvale. He stated he had experience in real estate development and Tax Increment Financing in other areas. Mr. Gola stated that the TIRZ was a successful tool in other areas such as the city of Schertz, which has developed significantly since the adoption of the TIRZ. He stated Schertz was very similar to Sunnyvale because of the way the surrounding communities have developed. He stated the process of implementing a TIRZ can stop due to too much research. He distributed a document called the “ABC’s of TIFs”. Mr. Gola also distributed a case study on TIF financing in El Paso. Mr. Gola discussed other projects in other cities that involved TIF financing and encouraged the Town to move forward with the TIRZ.

Barry Night of 5400 Renaissance Tower in Dallas spoke stating he represented several partnerships and over 2000 acres owned by the Gabriel Muller-Barbier family. He stated that one of these tracts was located in the proposed TIRZ boundary. He stated that his client would like the Council to table the
matter to provide more time for the Town to give more details on the proposal. He stated that his client is in favor of economic development and tax increment financing, however they would appreciate a little more time to obtain more detailed information about the plan.

Terry Reid of 637 East Tripp Road spoke in favor of the TIRZ proposal. She stated that the Town should not hesitate to approve the TIRZ and that the Town had been studying this issue long enough. She stated the Council should have the courage to approve the TIRZ, and that approving it sends a message that the Town is open for business. She stated that the concerns expressed by citizens tonight are legitimate, and that some of the concerns are based on lack of knowledge. She said the Town should use this opportunity to change the perception that the Town is anti-business.

Councilmember Yates stated that she did not know where the notion came from that the Town is anti-business and that it was very upsetting to hear that statement. She stated that to her knowledge the Town has not turned down any businesses that have come to the Town. She stated she feels the Town takes care of the businesses in Town.

Mayor Phaup closed the public hearing and asked for Council comments starting with Councilmember Wiley.

Councilmember Wiley addressed Ms. Yates and stated that he would provide a list of citizens regarding her question on how the Town was anti-business. Mr. Wiley stated that he was in favor of Ord. 549.

Councilmember Yates asked Town Manager Scott Campbell how much revenue was generated by one penny added to the tax rate. Mr. Campbell stated that one penny on the tax rate generated about $72,000. Ms. Yates stated that it appeared the Town would need to add about 3-4 cents on the tax rate each year to fund the plan until more revenue comes in. She stated it did not appear that there would be enough money in the TIRZ fund to support a debt payment and asked if the debt payment would have to come from the general fund. Councilmember George stated that he understood that the debt scenarios would be on a case by case basis, and based on individually agreements with developers. Councilmember Hill stated that the Town had entered into agreements in the past with developers to fund public improvements. Mr. Campbell stated that the Town would likely not approve an individual project improvement if the financial study showed the Town could not adequately service the debt.

Councilmember Yates stated her concern with including participation from other entities in the model when they have not yet been approached.

Councilmember Hill stated she was in favor of Ord. 549, and that current and past Councils had always been prudent with tax dollars.

Councilmember Henderson stated he was in favor of the Ordinance approving the TIRZ. He stated that the TIRZ fund is based on growth and that it did not take current revenue away from other entities. He further stated that at this point we were only committing to the boundaries of the TIRZ.

Councilmember George stated he was in favor of Ord. 549. He stated the plan was very much subject to change and he did not see harm in approving the boundaries now.

Mayor Phaup stated that he appreciated all the work that Pam Mundo and Elizabeth Morris had put in to the study. He stated that it was worth it to wait until some of the questions were answered and the plan
was refined before approval. He further stated that he felt a general policy of participation should be adopted prior to the approval of the TIRZ. He stated he felt a policy could be approved in 30-60 days and we could then move forward with the TIRZ. He stated he liked the concept of a smaller zone; and recommended Council table the item to provide time for a subcommittee of Council and 4A to recommend a policy regarding participation levels and a refined zone.

Councilmember George asked what the benefit would be to table the item. Mayor Phaup stated that there was a perception that the plan was too much of a blank canvass, and a policy and outline would likely provide a higher comfort level to move forward. He further stated that he would like to see the plan further refined and that the boundaries were too big, and without a policy, the Town would be in an awkward position as it received requests to participate in projects.

Councilmember Henderson stated that the Town should move forward with the ordinance because the Town is viewed as not being business friendly. He stated the reason is because we question developments too much until they go away, and that the TIRZ was an indication that the Town was business friendly. Mayor Phaup stated that the Town had approved the Marazzi Tile expansion and the new hospital in a short time frame.

Councilmember George stated that the TIRZ was to fund public improvements, which will attract businesses. Mayor Phaup stated that he did not agree that the Town could not attract businesses without a TIRZ, further stating that we have the developer at Riverstone moving forward now without the TIRZ. He stated he wanted to see it further refined.

Terry Shatter stated she felt the TIRZ would attract business and that the Town would have to perform another study next year if the ordinance is not approved tonight.

Councilmember Yates stated she felt each person on the Council should make a statement that they did not own property within the proposed TIRZ. Mayor Phaup stated that was not necessary. Ms. Yates stated she felt we should know the participation rates of the other entities before we move forward.

Councilmember George asked what the policy would address. Mayor Phaup stated it would provide guidelines on levels of support for different types of projects. Mayor Phaup called for a motion regarding Ordinance # 549.

Councilmember Henderson made a motion to approve ordinance # 549 as presented. The motion was seconded by Councilmember Wiley. The motion passed by a vote of 4-1, with Councilmember Yates voting opposed.

- **RECESS INTO EXECUTIVE SESSION PURSUANT TO CHAPTER 551, SUBCHAPTER D OF THE TEXAS GOVERNMENT CODE:**

A TAPE RECORDING OF THIS MEETING IS ON FILE AT TOWN HALL. THESE MINUTES ARE CONDENSED THEREFROM.
DATE: February 9, 2012

TO: Town Council

FROM: Community Development Department

SUBJECT: The Villages of Sunnyvale, Block 1, Lot 2
Medical Office Complex

PAGES: 1

First Baptist Church of Sunnyvale has made application for preliminary plat and site plan for the subject project. The proposed 2.22 acre development has a total of 18,288 square feet of medical office space. The current zoning of the property is LR - Local Retail. This project is located on the east side of Belt Line Road south of the Sweeney Eye Clinic office.

There were fourteen (14) notices mailed and one (1) returned in favor as of January 12, 2012.

Staff has worked with the applicant to arrive at plats and plans that conform to Town regulations. The following requested variances were approved by BOA on February 6, 2012:

- Ten (10) foot required landscape buffer along east property line. Property line falls along the centerline of a common access drive and fire lane.

- Ten (10) foot parking setback from building. The front building on the east side only has five (5) foot setback. All remaining sides of both building meet the requirement.

Planning and Zoning Commission approved all items on January 16, 2012

Staff is recommending approval of the preliminary plat and site plan subject to final approval of engineering plans.

Marc Bentley, P.E.

Council Agenda Item

Meeting Date: 02/13/2012  Item #: 4  Department: Town Mgr.

Subject:

Ordinance 12-02: Extending time period for suspension of development applications for heavy industrial uses.

Background:

You will recall from the discussion at the joint meeting with P&Z on the 30th, more time is needed to complete the effort to update our Zoning Ordinance regarding Industrial uses. The suspension of acceptance of industrial use development applications expires on February 24, and the attached ordinance extends the suspension for another 60 days.

Recommendation:

Recommend approval of Ordinance No. 12-02

Attachments:

Proposed Ordinance No. 12-02
TOWN OF SUNNYVALE, TEXAS
ORDINANCE NO. 12-02

AN ORDINANCE OF THE TOWN OF SUNNYVALE, TEXAS, EXTENDING
THE SUSPENSION OF THE ACCEPTANCE, PROCESSING AND APPROVAL
OF APPLICATIONS FOR PERMITS FOR DEVELOPMENT OR
CONSTRUCTION OF HEAVY INDUSTRIAL USES IN THE GENERAL
BUSINESS, HIGHWAY COMMERCIAL AND INDUSTRIAL DISTRICTS IN
THE TOWN OF SUNNYVALE, TEXAS, AND OF REZONING APPLICATIONS
FOR SUCH USES FOR A PERIOD OF 60 DAYS; PROVIDING FOR A
SEVERABILITY CLAUSE; PROVIDING FOR A TERM; PROVIDING FOR
EXEMPTIONS; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Town of Sunnyvale ("Sunnyvale") adopted Ord. No. 538 on July 25, 2011,
which suspended the acceptance, processing and approval of applications for permits for heavy
industrial uses, as defined in the ordinance, in the General Business ("GB") Districts, Highway
Commercial ("HC") Districts, and in the Industrial ("I") Districts in the Town for a period of 120
days in order to allow the Town Council sufficient time to determine whether the allowed use and
the allocation of such uses among the Districts furthered the public health, safety and general welfare
of the community; and

WHEREAS, Ord. No. 547, adopted October 24, 2011 extended for 120 days the suspension
of acceptance, processing and approval of applications for permits for heavy industrial uses, as
defined in the ordinance, in the General Business ("GB") Districts, Highway Commercial ("HC")
Districts, and in the Industrial ("I") Districts in the Town, and

WHEREAS, during the time the suspension has been in effect the Town has received no
development applications for such heavy industrial uses; and

WHEREAS, the report and recommendations of the Town Planner and Staff have been
delivered to the Town Council; and,
WHEREAS, it appears to the Town Council that additional time is needed for the Planning and Zoning Commission and Town Council to study and take any necessary action on the recommendations of the Town Planner and Staff concerning changes to the provisions in the zoning district regulations regarding heavy industrial uses; and

WHEREAS, it furthers the health, safety and general welfare of the Town to extend the suspension of applications for heavy industrial users for a period of 60 days from the effective date of this ordinance;

NOW THEREFORE BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF SUNNYVALE, TEXAS:

SECTION 1: Findings Incorporated. The recitations contained in the whereas clauses preacing this Ordinance hereby are incorporated by reference into the body of this Ordinance as findings of fact as if fully set forth herein.

SECTION 2: Extension of Suspension of Development Applications. The suspension of development applications for heavy industrial uses within the GB, HC and I zoning districts established by Ord. No. 538, Section 4, hereby is extended for an additional period of 60 days from the effective date of this Ordinance, which period shall establish the term of this Ordinance. The affected area, definitions, appeals provisions and exemptions set forth in Ord. No. 538 hereby are incorporated by reference as if fully set forth and shall become a part of this Ordinance thereby.

SECTION 3. Conflicts. All Ordinances or provisions of Ordinances in conflict with this Ordinance are superseded to the extent of the conflict. Any remaining provisions of conflicting Ordinances shall remain in full force and effect.

SECTION 4: Severability. It is hereby declared to be the intention of the Town Council that if any phrase, clause, sentence, paragraph or section of this Ordinance is declared unconstitutional or
invalid by judgment or decree of a Court of competent jurisdiction, then such unconstitutionality or invalidity shall not affect any other remaining phrase, clause, sentence, paragraph or section of this Ordinance; and the Town Council hereby declares it would have passed the remaining portions even though it had known the affected parts would be held unconstitutional or invalid.

SECTION 6: Effective Date. The suspension of applications provided in section 2 takes effect immediately upon its passage.

DULLY PASSED AND ADOPTED BY THE TOWN COUNCIL OF THE TOWN OF SUNNYVALE, TEXAS on first reading this the 13th day of February, 2012.

Resolution 12-07
RESOLUTION NO. 12-07

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF SUNNYVALE, TEXAS APPOINTING THE TOWN SECRETARY

WHEREAS, Section 22.071 of the Texas Local Government Code and Section 9.201 of the Code of Ordinances of the Town of Sunnyvale establish the office of Town Secretary of the Town;

WHEREAS, the powers and duties of the Town Secretary are provided in Section 22.073 of the Texas Local Government Code and in Section 9.201 of the Code of Ordinances;

WHEREAS, the Town Council finds it in the best interest of the health, safety, and general welfare of the citizens to provide for the appointment of a Town Secretary from time to time;

WHEREAS, the Town Council finds that Leslie Malone meets the qualifications for appointment as Town Secretary;

NOW, THEREFORE, BE IT RESOLVED by the Town Council of the Town of Sunnyvale, Texas as follows:

Section 1. That the above recitals are found to be true and correct and they are incorporated herein as findings of the Town Council for all purposes.

Section 2. That the Town Council hereby appoints Leslie Malone to serve as Town Secretary, effective January 30, 2012.

Section 3. Severability. It is hereby declared to be the intention of the Town Council that if any of the sections, paragraphs, sentences, clauses and phrases of this Resolution shall be declared unconstitutional or otherwise illegal by the valid judgment or decree of any court of competent jurisdiction, such event shall not effect any of the remaining phrases, clauses, sentences, paragraphs and sections of this Resolution, since the same would have been enacted by the Town Council without the incorporation in this Resolution of any such unconstitutional or illegal phrase, clause, sentence, paragraph or section.

Section 4. Compliance. The Town Council finds that all notices required by law have been given. Notice of this Resolution was posted and this Resolution was passed in accordance with the Open Meetings Act.
Section 5. This Resolution shall take effect immediately upon its passage and approval by the Town Council and it is SO RESOLVED.

PASSED, ADOPTED AND APPROVED by the Town Council of the Town of Sunnyvale, Texas, on this the 13th day of February, 2012.

**Subject:**

Present and discuss citizen's survey on solid waste and recycling.

**Background:**

Attached is a copy of the citizens' survey that has been available on the website for just over 30 days. Also attached is a tabulation of responses to include any added comments.

As you can see in the final tabulation, we received 202 responses with 51 submissions for Option 1; 144 for Option 2; and 7 not indicating a preference (but including a comment). Each submission indicated an IP address; therefore multiple submissions from the same location were identified. Only two submissions from the same IP address were accepted. There were only a few instances with more than two responses from the same IP address.

**Recommendation:**

Based on the survey results, and the previous discussions with council, staff would like to present an amendment to the current solid waste contract for consideration at your next meeting to reflect the services indicated in option two of the survey.

**Attachments:**

Copy of original survey and tabulated responses (with comments).
CITIZEN SURVEY ON SOLID WASTE COLLECTION AND RECYCLING

The Town of Sunnyvale Town Council is currently evaluating the Town’s solid waste collection contract. The Town’s current services for solid waste collection and recycling are as follows:

Solid Waste: collected twice each week. Residents may use carts or garbage bags. Bulky item and brush collection is included in your normal garbage collection. **The current residential charge is $9.18 per month for these services.**

Recycling: Currently, the Town does not offer residential curb-side recycling; however does provide a recycling drop-off center at Town Hall for recyclable plastic, glass, cardboard, newspaper, and metal cans. Currently, there is no charge to residents for this service. This service is subsidized by the Town at approximately $16,000 per year.

The Town has requested its current solid waste hauler to propose options for added and/or amended services; and we are seeking citizen input on these options. Listed below are two (2) options for trash and recycling services. **Please check the box of the option you prefer. Please check only one option.**

☐ Option One

- Garbage collection twice per week with the use of carts or bags (identical to current service)
- Bulky item and brush collected twice per week (identical to current trash service).
- Recycling services: A drop off recycling dumpster will continue to be provided at Town Hall (identical to current service).
- Monthly cost to residents - $10.36/month. This represents an increase of $14.16 per year.

☐ Option Two

- Garbage collection twice per week with the use of carts or bags (identical to current service)
- Bulky item and brush collected twice per week (identical to current service).
- Recycling services: automated curbside recycling collected once every other week using 95 gallon cart.
- Monthly cost to resident - $11.34/month. This represents an increase of $25.92 per year.
The Town would like to thank you for your participation in this survey. We will post the results of this survey within the next 30 days, and will notify residents of any changes or additions to current solid waste and recycling services prior to implementation.

Is it this week? etc. Have it part of the weekly service or stay with present program: Carroll Brown</td>
</tr>
<tr>
<td>Option Two</td>
<td>I'm not crazy about either option... I do like the idea of having recycling service at curb side... I think more people would do this but I think this would be better once a week instead of every other week. Why do we need Bulky items picked up twice per week... maybe move this to once a month or every other week... this would cut down on cost and if people know you are doing it once a month they will get the stuff out of their house and garage and not wait. I live in the Homestead Subdivision and I don't see many bulky items out twice a week... I think maybe this need a little more research before doing this.</td>

<tr>
<td>Option Two</td>
<td>Because of the fact that our house sits so far back from the street, and we have a gravel drive it would be very difficult to wheel the cart to the street and back. I do quite a bit of recycling and have no problem with the dumpster. My only complaint is that it needs to be emptied more often.</td>

<td>My husband does take our newspapers and our magazines up to the recycle dumpster currently provided. We would love to be able to recycle all of our plastic and cans from home. He recently witnessed someone emptying their trash in to this dumpster. I'm sure this happens frequently and who know if this person even lives in Sunnyvale or pays for town services.</td>
</tr>
<tr>

<td>For Option 2, would there be an additional fee for the recycling cart or is it included in the monthly cost for everyone? We do not currently rent a cart for our normal trash. Thank you. Greg Williams 314 Stone Ridge Dr. <a href="mailto:gregwcpa@yahoo.com">gregwcpa@yahoo.com</a></td>
</tr>
<tr>
<td>Option Two</td>
<td>It's a no brainer that we should do curbside recycling - it's simply the only way to encourage people to recycle. The carts are very easy to use and move - certainly much easier than hauling your materials up to town hall! I will be extremely disappointed if the town council doesn't vote for the curbside option - it's the right thing to do.</td>

<td>*Currently our bulky items and brush have been left for weeks sometimes. If we are paying for this services, who is making sure we are actually getting what we pay for. *If we are going to save money by not paying the $16,000 per year, should this be deducted from the cost of curbside? *We have waited too long to have curbside, alley recycle. Garland and Mesquite have had this for many years. Children for these cities can not beleive any paper trash is ever taking to land fill. We shold have been doing this for a long time. *Last question... Can we buy our trash can. My past residence.&quot;Garland&quot;... After so many months, the trash can was paid for, not rented. This would help the cost. *I checked option Two b/c there was not a Option 3. I would like to have it picked up in the alley. No increase in monthly bill.</td>

<tr>
<td>Option One</td>
<td>We have lived in Sunnyvale almost 27 years. We checked Option One as we do not want curbside recycling services; however, WE WOULD RATHER OUR MONTHLY COST FOR SANITATION SERVICES NOT INCREASE AT ALL. Our water bills are already very high, especially in the summer when we try to keep our foundation adequately hydrated and trees &amp; lawns healthy. Service seems good with the present trash company; however, with the current investigation of misappropriated funds at the Town Hall, we hope the audit will include evaluation of any relationship employees or council persons may have with the garbage collection company and whether bids have been solicited from other vendors. We are opposed to curbside recycling for several reasons. As senior citizens, we are not interested in hauling a 95 gal. container to our curb, nor finding a place to store the bin in our yard without it being unsightly. Since town leadership and citizens aspire for Sunnyvale to project a first-class image, we don't understand why consideration is given to doing away with &quot;one&quot; central location for recycling and creation of locations</td>

</tr>
<tr>
<td>Option One</td>

</tr>
<tr>
<td>Option Two</td>
<td>I find it hard to believe that a 95 gallon cart is the only option. Isn’t there something smaller to use? Many don’t have a clue about why it’s important to recycle. Option one seems silly if we pay $16K for other cities to use!?!?? (why is it a option?) Option 3 - trash pick up one day, recycling pick up the 2nd day of the week...people would have to recycle more. (2 trash days plus 1 recycle day for the recycling week or 1 trash and 1 recycle day that week?)</td>

<td>There should be an option to keep service and cost as is. I don't think we should be forced to pay for a service most residents don't use. In addition, I doubt any resident in town could recycle enough to justify cost being proposed. I personally do recycle and get paid to do so. There is no way I possibly could recycle enough to pay for this service. There are recycle locations citizens can take their recyclables to and even be paid. Charging people to recycle defeats logic to recycle. Since I don't have all facts, I am guessing no concessions (payments) to the Town of Sunnyvale are offered. I think we should look into the cost the Town pays for the dumpster. I figured 2 dumps per week at $300 per dump. This sounds excessive. If we indeed are paying this much for a dump and 2 dumps a week we are being overcharged. As a contractor I don't pay that much. If we are collecting this much recycling, we (the Town) should be being paid. This could be revenue to offset our dumpster fees. Finally, if people want to recycle, they are more than welcome, but don't force everyone else to pay for their choices. We have</td>

Unless there is a limit to the number of garbage cans one can put out, why do we need the service twice a week? Most folks on our street have one can out each day. [We recently moved to the area and maybe in the summer heat having the service twice a week is really necessary. If so, maybe we could have once per week Oct-April and twice per week May-Sept.] Could we have two 95-gallon carts as our household can fill one up in a week.
